The 44th MEEA/ASSA Annual Meeting

January 4th – 7th, 2024

San Antonio, TX, USA

Dear MEEA Members,

The Middle East Economic Association (MEEA) is pleased to announce that it is now accepting abstracts for papers to be presented at the Annual Meeting, held jointly with the AEA/ASSA, January 5th-7th, 2024 in San Antonio, Texas, USA. The majority of accepted papers will be presented **a day before** the ASSA Annual Meeting and in **fully online** sessions (i.e., January 4, not during the ASSA Annual Meeting.)

Topics of interest include economic and financial issues related to emerging MENA economies and their financial markets. Examples of economic applications include issues related to the ongoing transition process in the **Middle East and North Africa**, the influences on the MENA economies, and their relations with the economies of the European Union. Examples of financial applications include asset pricing, investor behavior, risk management, and portfolio modeling in MENA financial markets. We also encourage submissions on emerging research fields including Islamic finance, climate finance, and alternative investments related to MENA markets, among others. However, any research related to the MENA region, EU-MENA relations, or country-specific cases is welcome. Contributions by Ph.D. students are encouraged to foster research among young professionals. **Note that papers on regions other than MENA are not accepted to this conference.**

The best papers presented in this and other MEEA conferences this year from young scholars are considered for the Ibn Khaldun Prize. More information about the prize here:

<https://meeaweb.org/awards>

Presented papers will receive feedback from reviewers or discussants. The conference offers a great opportunity, especially for junior researchers, to get connected with established researchers who work on MENA economies.

Your one-page abstract (750 words max) should be submitted in English before **April 30th, 2023**, using a web link (include the title, all authors' names, affiliations, and contact information). Abstracts should

include the paper's objectives, data, methodology, results, and conclusions. JEL classification and up to 3 keywords should be included. Decision letters are sent to submitters by **August 31st, 2023**.

You will be notified by **August 31, 2023** about the decision on your submission.

If your plan to attend the conference changes at any time, **please notify us immediately.** In the past, one problem that created frustrations has been many cancellations a few weeks before the conference. But canceling your presentation is substantially better than not doing it. Notifying us as early as possible is a public good that benefits everyone. Please help all conference participants and organizers by informing us about your cancellation as early as possible. If you do not show up for your presentation without notifying us, **your chance of participation in future MEEA conferences could be negatively affected.**

We also strongly suggest that you reserve your hotel in early September when ASSA announces registration and hotel reservation.

Thank you and we look forward to receiving your abstracts.

Sincerely,

The President, the Executive Secretary, and the Treasurer of the Middle East Economic Association
